

Stap 1:

Etape 1:

Step 1:

Koppel de fundering los waar de drempelloze deur komt na het plaatsen van de volledige serre.

Enlevez l'embase où se trouvera la porte sans embase après avoir installé l'ensemble de la serre.

Disconnect the base where the threshold-free door will be after installing the entire greenhouse.

Single threshold-free door

Double threshold-free door

Stap 2:Montage van enkele drempelloze deur.**Etape 2:**Montage d'une simple porte sans embase.**Step 2:**Installation of single threshold-free door.

met hordeur, detail 3 uitvoeren aan beide kanten van de deuropening.

Avec porte moustiquaire, exécuter le détail 3 des deux côtés de la porte.

In case of screendoor, perform detail 3 on both sides of the doorway.

Stap 3: Bevestigen van ankers.
Etape 3: Fixation des ancrs.
Step 3: Fixing the anchors.

Stap 2: Montage van dubbele drempelloze deur.
Etape 2: Montage d'une double porte sans embase.
Step 2: Installation of double threshold-free door.

Stap 3: Bevestigen van ankers.
Etape 3: Fixation des ancrés.
Step 3: Fixing the anchors.

Optioneel: Verankering op volle grond.
Optionnel: Ancrage dans le sol.
Optional: Anchoring in the ground.

Step 1: Breng silicone aan op de onderkant van de drempel.
Etap 1: Appliquer du silicone sur la face inférieure d'embase.
Step 1: Apply silicone to the bottom of the threshold.

Step 2: Bevestig het overige funderingsprofiel aan de drempel.
Etap 2: Fixez le profilé de fondation restant à l'embase.
Step 2: Attach the remaining foundation profile to the threshold.

Step 3: Bevestig de ankerpunten aan de drempel in de voorziene gaten.
Etap 3: Fixez les points d'ancrage en l'embase dans les trous prévus.
Step 3: Attach the anchor points to the threshold in the provided holes.

Single door:
x1 Anchor

Double door:
x3 Anchors

Optioneel: Verankering op volle grond.
Optionnel: Ancrage dans le sol.
Optional: Anchoring in the ground.

Stap 4: Maak een sleuf op de plaats van de deur.
Voorzie een min. diepte van de lengte van de ankers.
Etap 4: Faire une tranchée à l'emplacement de la porte.
Prévoir une profondeur minimale de la longueur des ancrages.
Step 4: Make a trench at the location of the door.
Provide a min.depth of the length of the anchors.

Stap 6: Veranker de uiteinden van de fundering met een middenanker.
Etap 6: Ancrer les fins de la fondation à l'aide d'un ancrage central.
Step 6: Anchor the ends of the foundation with a centre anchor.

Stap 5: bevestig het drempelprofiel terug op zijn plaats.
Etap 5: Remettre le profilé sans embase en place.
Step 5: Fix the threshold profile back in place.

Stap 7: Bevestig de ankers met snelbeton.
Etap 7: Remettre le profilé sans embase en place.
Step 7: Fixer les ancrages avec du béton rapide.

Stap 4: Montage van deur.
Etape 4: Montage de la porte.
Step 4: Installation of door.

Stap 5: Montage van deur.
Etape 5: Montage de la porte.
Step 5: Installation of door.

Stap 6a: Montage van deur.
Etape 6a: Montage de la porte.
Step 6a: Installation of door.

Stap 6b: Montage van deur.
Etape 6b: Montage de la porte.
Step 6b: Installation of door.
